

**In case you missed...**

## Waverly's Way Day of Free Tutoring 01/23/20

### Comments

RP tutored 11th grader, JG in Pre-Calculus:

"It went really well. I think J had a really strong understanding of the unit circle and we did a lot of practice problems. Thank you for setting up this opportunity for us!"

KH tutored 10th grader, JM in Algebra:

"We worked on solving system of equations by graphing and substitution. She was able to complete the assignment on her own after working on a few examples together. Let me know if you have any questions. 😊"

AP tutored 7th grader, JM in Algebra:

"I did not want to just give her the answers, but to get her to talk about her troubles so she can learn for her future. Waverly Way is doing great things for students who need a little extra push. Asking for help is a great characteristic to have, since we cannot do everything on our own."

### Follow Up

Waverly's Way Day of Free Tutoring on January 23rd was so successful that some of the 32 JIT (Just In Time) Tutors asked to help students in grades 4-12 again on January 30th. They brought expertise in all major subjects K-12, plus Computer Education, Economics, Mandarin, Pre-Calculus, Psychology and Spanish. Some had experience tutoring students with disabilities, ADHD and Dyslexia, in addition to using techniques to address honors and gifted students.

One high school student in danger of failing Geometry and being retained earned a "B+" after two days with a WW JIT tutor. Parents and students offered superlative comments about the tutoring experiences, and all students who completed specific assignments during the TWO days of free tutoring submitted to their respective teachers "B" and "A" work. Students who received help are from Florida and Georgia. Tutors are from Florida, Georgia, Maryland and New Jersey.

## Thank You

Dr. Ruth Baskerville, Founder and President of Waverly's Way acknowledges heartfelt, humble thanks to three special persons for an abundant supply of competent, patient and caring Tutors:

Ms. Gabriela Alvarado, Assistant Director, Annual Giving, University Advancement and Nova Southeastern University (NSU) Alumni;

Dr. Elaine Wallace, Dean of Dr. Kiran C. Patel College of Osteopathic Medicine, NSU;

Ms. Carol Eaddy Langford, Education Specialist and NSU Alumni.

**Parents can visit [wwexcellence.org](http://wwexcellence.org), "Resources," and register their children from kindergarten through 12th grade to receive academic help. Current and retired educators, professionals and college students can visit the website to sign up to become Waverly's Way "Just In Time" Tutors.**
